A Notes section is included with key information of interest to all students – due dates, financial aid disbursement information – as well as customized information based on your student record.

An Unapplied Payments section will be visible if there are payments or other credits – overpayments, payments that can only be applied to specific types of charges – on your account. Unapplied payments may be processed as refunds, as in an overpayment, but others are not refundable.

An Unpaid Charges from Other Terms section will be visible when the Balance Due as of Today includes charges from terms other than the term for which the Statement of Account was run.
